Kindly refer above letters in which need of making retailers functional in rural areas were emphasized and instructions were issued that, "*it should be ensured that retailers should be made functional before commissioning of new BTSs in rural areas*" and compliance was also asked.

As on date only few circles have reported that retailers are being made functional in the rural areas where new BTSs have been commissioned but no concrete data has been received from any of the circle.

A list showing total no. of BTSs in rural area and total no. of BTSs opened from April'2008 to Jan'2009 in your circle has been enclosed as annexure-1.

You are requested to ensure that in all the rural areas where BTSs have already been commissioned or to be commissioned must have retailers before commissioning. Please send compliance and retailer's detail of rural area to this office by 20.03.2009.

Kindly treat it most urgent.
