Dear Friends,

Subject: 2nd Membership Verification of Executives Association.

It is indeed a moment of great satisfaction that the 2nd Membership Verification of Executives Association has been completed successfully in a peaceful manner.

The achievement is all the more significant when taking into account the fact this two months long exercise was done amid pandemic with restricted mobility and social distancing. It is heartening to note that our Association leaders adopted new methods of connecting with their members and used new technologies taking industrial relations and self-belief to the next level and together raised the standard of what is possible. I hope the creativity and passion carried forward to your work will produce astonishing results.

What sets BSNL apart from the other organizations is its ability to exhibit teamwork and willpower in the face of adversity and at the times of challenges. Completion of this process in this testing times is a testimony of your self-restraint and maturity.

The presence of recognized Association is not only a necessity for discussing policy matters/HR issues alone, but also in rapidly changing times they have greater responsibility towards creating a sense of partnership and channelizing the energy of employees in realizing organizational goals and objectives.

Successful completion of this process has given me a reason to be proud of all of you and I congratulate and thank all the participating Associations and their office bearers not only for their active participation but support and full cooperation to the Management at all the stages. I hope that the bond of mutual trust and understanding with all the Associations will further strengthen and the majority Association will contribute constructively towards the growth of the organization.

With best wishes,

(P.K. Purwar)

To

All General Secretaries of participating Associations.
